Optional Logo Sole

The logo on the outsole is a mirror image so the impression in the sand will read correctly.

Many logos require modification, depending on various details, as this process has some limitations.

- Some details may be too small to cut out and may have to be eliminated.

We attempt to minimize the changes to all logos but, understandably, have to meet the minimum requirements.

Art Tip: For best logo sole results, use silhouetted shaped art, san serif and blocked fonts on the sandal.
